Absent:	Joe Bigalke	Former President/Advisor
	Lorna Denig	Neighborhood/Community Committee Co-Chair
	Sharon Schwaba	Secretary
	Vicky Kennedy	Lake Health Committee Member

General Membership and Guests in Attendance  
Andy Havelly

**Lake Treatment Estimates**

Members discussed three cost estimates prepared by McCloud Aquatics for lily pads (\$450), weed treatment (over \$5,700), and the application of up to 9 Barrels of Zebra Mussel treatment (\$5,725). John Sonnenberg's May recommendation, to treat the Lily Pads first, then zebra mussels due to their toxic affect on the habitat, was discussed. The Board has only purchased 4 barrels of zebra mussel treatment so it was decided that the application services for those four should be obtained. It was determined that the reserve would need to be drawn down to provide the funds to apply the zebra mussel chemicals already purchased. The zebra mussel chemical may also affect the noxious weed population. It was decided that the weed treatment would be held until further funding could be obtained. President Wegge volunteered to contact potential donors such as HG TV.

**Motion** to pay McCloud Aquatics

- \$450 for lily pad treatment, and
- \$1,975 to apply the four barrels of zebra mussel chemicals as needed, and
- to draw down the reserve up to \$500 in order to do so.

Made by Trisha Steele, seconded by David Oswald.  
All ayes. Approved

**Adjournment**

**Motion** to adjourn the meeting for the Foundation made by Linda Wegge, seconded by Ron Mittlestaedt. Approved.

Submitted to the Foundation Board for review, modification and/or approval by

*Trisha Steele*
